About The Mat King...

The Mat King has the widest possible range of mats you'll find anywhere...from anti-fatigue to "zone-of-safety" mats.

We provide mats of all sizes and shapes; mats to help meet OSHA requirements, mats with bevelled edges, mats that are slip resistant, mats for wet areas, mats that are oil and grease resistant, mats that are anti-static, mats with or without backing, and of course, logo mats, even wall-to-wall and athletic mats.

As a specialized service, The Mat King will design and provide a prototype of the mat you want. We have a lot of mat experience and it's there for you to use.

As our population ages and as we become more conscious of industrial hazards to employees, more and more of our matting products come into play. The fact is, even when we are designing a custom logo mat for an elegant entrance lobby, our first and constant thought is towards safety. Our overriding concern is to provide the right mat for each application. We study which material, rubber, vinyl, cocoa fiber, nylon, metal and so many more, is appropriate for the circumstance in question. We apply our knowledge to solve problems that have often been plaguing our customers for years before they came in contact with The Mat King.

The Mat King will help you address your safety, soil control and decor enhancement challenges. There is nothing in the way of mats that is not of interest to us. We have an old fashioned concern for our customers and try to act as an extension of their team in hopes of establishing long term business relationships. We look forward to working with you. Call us we are here to help.

Sincerely,

THE
MAT
KING

Matting Recommended by Architects

Award-winning architects keep their eyes on design,
and their clients' feet on these high-styled, elegant, functional matting products.

Prestige Entrance Mats

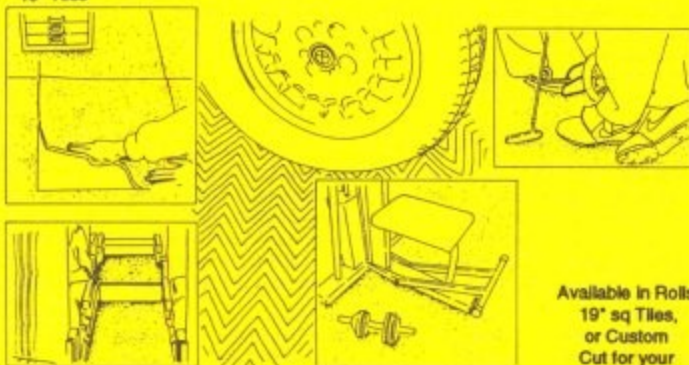

A perfect combination of elegance, performance and economy. Surface is available in colorfast, solution-dyed 100% nylon carpet treads with improved Scotchguard stain resistor, or vinyl-abrasive treads. Flexible space-age vinyl/acrylic alloy tread rails adapt to most floor irregularities and are whisper quiet. Each rail has a top surface with abrasive texture to add an extra margin of safety and is perforated to facilitate drainage. Can be surface or recessed mounted. Full 180 degree rotation for easy roll back and cleaning. Can be personalized with your logo or trademark in up to six colors. For indoor use only. Carpet & vinyl abrasive treads available in a wide range of colors.

Additional sizes available

Enhance 750 Matting

Sensational water and dirt removal plus luxurious appearance and durability. Constructed of two different sizes of fibers featuring a unique tufted structure. Design pattern of squares of small diameter nylon fibers and squares of large diameter polypropylene fibers arranged to maximize performance. Slip-resistant vinyl and edging on all four sides. For use as an indoor entryway mat where snow, water, and/or dirt tracking is a problem. Colors: Ebony (01), Mocha (02), Burgundy (03), Blueberry (04), Spruce (05), Granite (06), Checkers (07).

Sizes from 2'x3' Mat (2361-0-00-0203) to 6'x60' Rolls (2361-0-00-0660)

Softstand Anti-Fatigue Floor Matting

Scientifically designed to reduce fatigue for improved worker productivity and safety. Hundreds of interconnected, fluid-filled cells sealed in specially formulated, high-quality, durable nitrile rubber feels like you're standing on a firm, waveless waterbed. The fluid constantly responds to weight shifts yet always provides uniform support and helps protect against hazardous slip and fall accidents. Resistant to oil, many solvents and chemicals. Stays in place and will not curl at edge. Color: Black

8700-0-00-2330	23"x30"
8700-0-00-2345	23"x45"

Entrap All Season Matting

Removes dirt and water from shoe soles while supporting ribs provide channels for dirt and water storage and control. Flexible open mesh structure of vinyl filaments bonded to supporting ribs with a foamed backing to form a cushioned walking surface. Colors: Steel Gray (01), Burnt Red (02), Canyon Brown (03), Hunter Green (04). Product # 2320-0-00-0000

Entrap Wet Area Matting

Use in barefoot traffic area to help provide slip resistant footing. Open mesh structure allows water to run through the matting so surface stays drier than the surrounding area. Colors: Horizon Blue (01), Wheat (02). Size: 3'x20' Product # 2350-0-00-0320

Entrap Recessed Well Matting

Use in recessed wells or as indoor/outdoor walk-off mat at building entrances. Durable, flexible open mesh structure of vinyl filaments allows dirt and debris from shoes to fall through the mat for easy cleaning. Colors: Steel Gray (01), Gypsy Red (02), Canyon Brown (03), Black (04).

Nomad Unbacked Matting

Provides a porous and attractive walking surface suitable for wet applications. Made from an unbacked, nonwoven matting material of continuous, bonded vinyl filaments. Not for use in kitchens. Colors: Caravan Gold (01), Hunter Green (02), Horizon Blue (03). Sizes: 3'x20' Product # 2400-0-00-0320

Anti-Slip Matting

The safe mat for food service areas and processing plants, assembly lines, shower rooms, etc., whenever slipping hazards exist. Lightweight solid vinyl can be moved from one location to another. Approved for use as a portable floor mat in federally inspected meat and poultry plants by USDA. Raised rib design causes liquids and solid debris to settle into low area between ribs, providing safe footing. Low profile allows foot and cart traffic to move easily. Won't absorb liquids or become soft and soggy. Color: Brown

Absolutely Every Kind Of Matting In The World

Logo Mats

The perfect way to keep your company name and logo in front of your customers.
Reinforces your image and offers protection at the same time.

Great-Grip Sure-Print Logo Mat

A good looking hard working long lasting mat. We'll deeply penetrate your dark color logo over a pre-dyed lighter color mat for instant recognition. Made of tightly-twisted 2-ply filament heat-set nylon pile, with reinforced edges and Great-Grip cleated rubber backing. Use it over loop pile carpet or hard flooring. Cleans easily without using automatic machine wash or dryer. Huge selection of background colors to choose from.

2640-1-00-0410	4'x10'

Quadrangular - Spiked Real Rubber Inlaid Logo Mat

An excellent choice for entrances and high traffic areas. Durable rubber with thousands of solid, quadrangular shaped spike-tipped scrapers for a slip-resistant, non-skid, omni-directional surface. Anti-fatigue qualities increase safety, comfort and fights fatigue. Simple to clean - hose with water or wipe with whitewall tire cleaner for "like new" appearance. Colors: Mix or Match decorator colors. Sizes: customized in varying thickness. One of the sharpest looking logo mats with top durability.

Product # 3320-0-00-0000

Gripper or Flat Back

Available Oblong or Round Perforations

Coin, Counter and Change Mats

Put your message where their money is. Provides a flat, even, surface when handling cash. Offers advertisers a perfect opportunity to present their products when customers are in a spending mood. Tough vinyl flocked message on vinyl backing. Custom sizes and dye cutting also available. Also available in picture perfect backgrounds colors in a wide selection of Laminated style.

Carpet Protection System

WHO KNOWS! NOW CARPETS MIGHT LAST FOREVER!

Velcro strips keep matting in place, permits multi-purpose use and activities.

The Mat King Carpet Protection System does for carpeted meeting rooms what tarpaulins did for gymnasium floors. They allow such rooms to be truly multipurpose agains without having to sacrifice the quiet, easy-to-clean benefits of wall-to-wall carpeting. Now ceramics, painting, and all types of "messy" activities can be scheduled where they were never before welcomed. The Carpet Protection System can be made to cover all possible exposed areas of carpet or tailored to the areas to be used. It is strong enough to stand up to lots of punishment; cleans easily with soap and water; Carbo Chlor may be use full strength for unusual problems like gum, heel marks, and the like. Easily deployed and stored by one person. Velcro applied to the underside of all edges grips carpet to keep the Carpet Protection System units in place.

MATERIAL: High density filament polyester cloth coated with PVC.

SPECIAL FEATURES;

- 1) Best results found with loop pile carpet.
- 2) Avoid the use of detergents or solutions which contain ammonia, vinegar, bleach or solvents which could harm the durability and strength of the product.

THICKNESS: Ultra Thin

SIZES: Custom to fit any size room.

COLORS: Standard Protection: Blue (01), White (02), Red (03), Yellow (04), Light Brown (05), and Dark Green (06).

Premier Protection: Royal Blue (01), Cranberry (02), Dark Green (03), and Light Brown (04).

WEIGHT: Standard Protection = 13 oz./sy (minimum).

Premier Protection = 20.5 oz. /sy

Absolutely Every Kind Of Matting In The World

Stand Easy With Our Anti-Fatigue Mats

Reduce employee back, foot and leg fatigue and increase productivity while decreasing sick, out-of-work time.

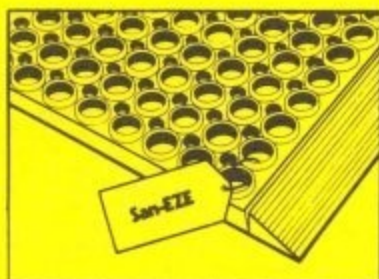

San-EZE Anti-Fatigue Drain Mats

Three cost-effective types feature non-slip surface for positive footing even in extreme spillage conditions. Bouncy 7/8" thick, wide drain holes and extra high underside nipples reduce clogging and enhance drainage. No-crease, stay-put design and overall superior cushioning reduce breakage loss, prevent lost-time accidents and reduce work fatigue. Constructed from a unique and different proprietary rubber compound which can be washed in place. Available in varying degrees of grease resistance.

Variations:

- (0) - grease resistant, not NSF approved, 1-yr. guar., Black.
- (1) - NSF approved grease resistant, 2-yr. guar., Brown.
- (2) - 100% NSF grease resistant, 5-yr. guarantee, Red.

OSHA Standard Mats

Manufactured and tested to meet U.S. Government FDA, OSHA or military requirements.
Your guarantee of reliability.

Dundee Interlocking Drain Tile

Offers a safe, hygienic non-slip work surface with anti-static and electrical insulation properties. Sustains loads of up to 9,000 lbs. - perfect for long use in rugged surroundings, even where hand trucks and fork-lifts are present. Constructed of recycled rubber and ethylene, not effected by acids, alkalis, grease or oil, organic solvents or chemicals. Unique interlocking design permits fast, easy assembly with no adhesives or floor preparation necessary. Can be cut to conform to various shapes. Generous drain holes provide sure-footed surface. Open grid system with underside channels enables cleaning with steam cleaners, high pressure hoses or vacuum. Colors: Black (01), Blue (02), Red (03), Brown (04), Putty (05), Safety Yellow (06), White (07).

Electrical Diamond Plate Matting, G.I. Flat-Top and Marbled Rubber Switchboard Matting Are Also Available

FLEXIBLE STEEL MATS

Continuous-Crimp Steel Mesh Mats For Use Where Nothing Else Will Work.

If steel is so hard, how can it be flexible? Through the use of a continuous pattern of interlocked cold rolled steel rods and strips. Our Heavy Duty Mat offers three times the strength of our Standard one and it has a galvanized finish for increased rust resistance. It is perfect for breaking up plugs on golf courses fairways, dragging baseball infields, track surfaces and for soil preparation for lawn seeding. Our light Gauge model is also made of galvanized steel. It rolls up like a carpet for easy cleaning, and offers a smooth level rugged surface. Very good for assembly lines around oily machine areas and as entrance scraper mats. Each is available with pull attachments for drag mat work.

Material: Steel
Thickness: Heavy Duty = 1/2"; Light Gauge = 3/8"
Sizes: Light Gauge: (9890-1-00-0000)
Standard sizes from 16"x20' to 40"x70'
Special Sizes from 12" to 144" width.

If You Don't See It, Ask! 1-800-442-6544 Fax (646)998-4073

Athletic Mats Preferred by Coaches and Parents

Giant Toys

The largest selection of intriguing toy-type mats that build confidence, skill, gross motor and perceptual development in children while they still have an enjoyable time. Great for gymnastic, preschool, physical education and therapy programs. Safe, high compression prime polyurethane foam and 18oz. vinyl coated fabric covers. Choose one or two contrasting colors: Yellow (01), Orange (02), Red (03), Blue (04), Green (05), Tan (06), Lt Gray (07).

The Big "O"

Large ring-shaped apparatus for children and tots to play with, jump through or roll around. Full 52" diameter, 18" thick, 30" diameter opening.
Product # 9401-0-005218

"Soft Spot"

18"x30" companion to the Big "O".
Product # 9402-0-00-1830.

Squishie Steps

Helps toddlers, preschool, kindergarten and special education children learn to climb to otherwise impossible places. 21"x24"x33".
Product # 9403-0-00-2433

The Longest Letter Box

Soft, durable tumbling aid shaped like the traditional rural post box. 20"x36"x16".
Product # 9404-0-00-3616

Roller Ramp

An incline mat used as a tumbling aid, crash pad or landing mat. Helpful in teaching basic rolls, walkovers and handspring.

Simply call us, tell us your problem and we'll come up with the right answer

Foot Warmer

Hi/Lo/Off Switch

Toe Warmer

Leg Warmer

Electric Heat Mats

Help increase employee productivity and reduces complaints while eliminating costly high-wattage space heaters. Perfect for those near drafts or in chilly open areas

Leg Warmer

Spreads heat evenly over entire under-desk area without hot spots or danger to employee. Attaches easily to desk's modesty panel with adhesive mounting strips. Finger-tip hi/low/off switch. 150W, 1.3 amps, 120V AC. UL approved 8' cord. Color: Neutral Size: 16"x22"x1"
Product # 21800-1-00-1622

Foot Warmer

Radiates heat from floor up to keep feet and legs comfortable. Heavy-duty rubber with sealed insulated circuit and beveled edges so chairs can roll on or around easily. 75W, .65 amps, 120V AC. Color: Black. Sizes: 20"x16"x3/8"
Product # 21800-2-00-1620

Toe Warmer

Carpeted heavy-duty rubber radiates heat upward to keep toes toasty warm. Thermostatic hi/lo/off switch controls temperature and prevents hot spots. Thermal cut-out safety feature for overload protection. 150W, 1.3 amps, 120V AC. Color: Gray. Size: 18"x19"x1/2"
Product # 21800-3-00-1819

Vinyl Chair Mats

Protect floors and carpets while facilitating movement. Anti-static mats help eliminate static in computer and electronic equipment areas. Lifetime guarantee except where metal carpet casters are used. Available in Regular, Strong, Super-D, Delux and Anti-Static thicknesses and all standard sizes.

Foldable Mat

Opens and closes easily for convenient cleaning yet always stays flat. Features uniform hardness at all test points, even at the fold. Tough vinyl with beveled edge and gripper back. Color: Clear

Beveled Edge Mat

Has the perfect slant for rolling the chair on or off the mat. Features hundreds of pointed anchoring grippers to hold mat in place on carpet without creeping or sliding. Color: Clear

Straight Edge Mat

With pointed anchoring grippers for use on carpet, or with flat back on hard floors. Flat back has textured surface on top and bottom for traction and to reduce mat motion. Color: Clear

Anti-Static Mat

Safety dissipates harmful static electricity the moment the operator steps on it. Scuff-resistant finish. Tiny grippers securely hold mat in place on carpet. Color: Black

Extruded Aluminum Frame

Transformer and 40' Cord

Electric Doorbell Mat

Signals the arrival of every customer and visitor. Ideal for stores, restaurants, service stations, medical offices, etc. Lies perfectly flat—rings chimes, bell or alarm when stepped on. Plugs into chime panel or connects to your doorbell or alarm. Heavy corrugated rubber. 2-layer design for use on either side. Complete with 40' cord with disconnected, mat, plug, 2-note chime and power converter. Colors: Black. Size: 36"x27"x3/8" thick.

WE CARRY A COMPLETE LINE OF ROLL MATTING IN VINYL OR RUBBER

If You Don't See It, Ask! 1-800-442-6544 Fax (646)998-4073

For Safety's Sake

A variety of useful add-ons that offer positive footing, reduce slipping, add floor protection and decrease maintenance requirements.

Safety Step Covers

For all types of steps including steel, wood and concrete. Thousand of aluminum oxide abrasive granules impregnated in hot-rolled 1/8" steel plate for super-strong uniform grip. Can be painted, galvanized, cut, welded, fabricated or formed. Abrasive never has to be reapplied. Safe when new or worn, wet or dry, or coated with oily slippery solutions. Easy to install by bolting, screwing or welding. Helps meet OSHA requirements. Available in custom widths and lengths. Call for factory quotation. Top Color: Gray Primer; Bottom Color: Mill Finish.

Safety Message Mat

Helps promote employee safety. Constructed of multi-colored, highly-twisted nylon carpet yarn bonded to a non-skid nitrile backing, perforated for quick, easy drying. Reinforced borders help prevent cuts and tears. Individual plush nylon fibers act as tiny brushes to remove dirt from shoe soles and hide it beneath the surface. Available in two safety messages: Work Safely Colors: Red or Gold. No Accident Colors: Navy or Green. Sizes 35"x46"; 35"x57".

Quality Message Mat

Helps improve quality control and productivity. Same construction as Safety Message Mat. Choice of two messages: Quality First Colors: Red or Brown. Quality Shines Colors: Chocolate or Green. Size: 35"x57".

Absolutely Every Kind Of Matting In The World

Hazardous Spill Controllers

Spillstopper Hazardous and Chemical Spill Drain Protector

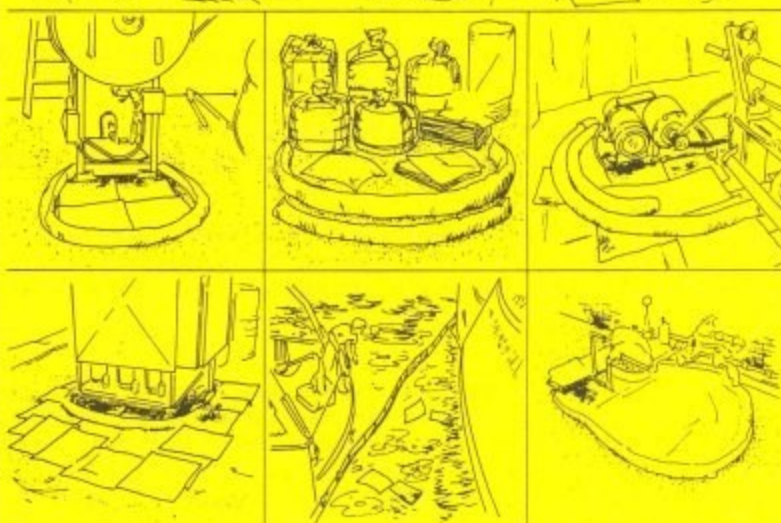

Specially designed to effectively seal off gravity flow of water and "lighter-than-water" liquids. Exceptionally flexible for use on different surfaces - gravel, sand, grass, asphalt and concrete. A proven safeguard in bulk oil terminals, gasoline stations, petroleum tank trucks, chemical plants, military installations, fire and emergency departments, and much more. Precautionary protection against accidental flooding of manholes, storm drains, interior drains, grates, vents, meters and cleanouts. Constructed of a proprietary elastomers core laminated to abrasion-resistant covers. Easy to store on tank trucks or in on-site closets. Color: High-visible Orange.

Molded Counter Sunk Screw Hole

Beveled Ramps and Corner Ramps

New-Again Plastic Drain Tiles

Top traction at a moderate cost. Tough, automotive-grade, recycled plastic maintains its original shape even after being subjected to extreme weight. 3/4" thick and laced with drain holes for excellent evaporation. Available in different formulations to fit most requirements. Tile Sizes: 12"x12". Available in standard and optional decorator colors. Ramps and non-drain tiles also available in same and contrasting colors. Gritty top tile in black only for added safety in slippery environments.

WE CARRY A COMPLETE LINE OF WIPING CLOTHS AND SHOP TOWELS

If You Don't See It, Ask! 1-800-442-6544 Fax (646)998-4073

General Terms and Conditions

Warranty

All merchandise is guaranteed for one year from date of shipment against manufacturing defects provided our recommended maintenance and installation procedures are followed (i.e. reasonable care and cleaning). Certain products with longer guarantees will be noted separately. Claims involving defective merchandise are subject to our inspection and approval. Claims must be made in writing within twelve (12) months of invoice date, listing date of purchase and invoice number. If, after our examination, the product proves to be defective, we will repair or replace the product at our option at no charge. Freight charges will be assumed by The Mat King. Our liability is limited to replacement of such defective merchandise.

Terms

Upon approval of credit, open account terms are Net 30. A 1-1/2% per month finance charge will be made when accounts are past due. New accounts will be shipped 50% with order; balance COD and freight collect. To avoid COD charges, a pro-forma invoice will be provided prior to shipment (Pro-forma invoices may include freight or shipment may be sent freight collect depending upon weight and destination).

Prices

Prices are subject to change without notice. Customers will be notified of increased pricing prior to being billed. Government and not-for-profit corporations will be extended courtesy discounts upon presentation of tax-exempt certificates.

Special Quotes

On all quotes, please incorporate an escalation clause to the effect that the quote is valid for 60 days only. If a price must be held for 1-2 years, we advise building in a minimum increase of 10-12% per year. (Please consult with our Sales Department on such quotations.)

Minimum Orders

There is a minimum order charge of \$5.00 net for orders totaling \$25.00 net or less.

Cut Lengths

Carpet Matting: will be invoiced for total material used from standard roll widths as advertised.

Cocoa Mats: will be invoiced for overall material used from 78" or 48" rolls. Please Note: Brown or Charcoal are only available in 17mm thickness.

Rolled Goods: will be charged at the next highest foot.

Frames: "Round each side of frame off" to the next highest foot. Example: a 5'6"x4'2" frame will be billed as 22 linear feet of material.

Tolerances

The MAT KING'S wide variety of products is made possible by the use of several different manufacturing processes. Advertised measurements are provided as guidelines. Actual size specifications for all products are subject to change without prior written notice when such changes are made to improve product appearance, design, or performance. Please provide scale drawings or templates for unusually shaped requirements.

Product Suitability

Every effort has been made to accurately describe our products to define their general use. Determination of the suitability of any product, and any application contemplated by the Buyer is the sole responsibility of the Buyer or User. In the event of improper product selection by the Buyer, THE MAT KING makes no warranty or guarantee of results to be obtained since use and application by the buyer are beyond our control. If in doubt as to the suitability of a particular product application, please contact our sales department. User accepts the responsibility of removing from service any product that becomes worn, "worn-out", unusable, or defective in such a way as to make the product a potential safety hazard. We are not liable for damages in excess of the purchase price of the product.

Logos

Logo mats require submission of logo design such as business card, letterhead, or advertising stat. On receipt of order, a full size drawing will be made for customer approval.

Transportation Policy

All prices are FOB factory. Shipments by UPS or Parcel Post will be prepaid to rated accounts and freight billed on invoice. Shipments by common carrier will be sent freight collect. Assessorial charges, such as notification of arrivals, inside deliveries, or redeliveries, will be the responsibility of the customer. Wrestling Mats require special transportation consideration. Please contact Sales Department for details.

Returns

Every effort will be made to accommodate requests to return merchandise. After return authorization is granted, merchandise must be sent freight prepaid. A restocking charge of 20% will be made on all standard stock items. Special size, special run, special color, or custom made materials are not returnable. Authorization to return merchandise is valid for 60 days.

Damaged Shipments

Any item damaged in transit is the responsibility of the carrier. Claims for damaged for short shipments must be filed at once by customers with the carrier. Delay may cause unnecessary loss to our customers. Though we will make every effort to assist, responsibility for the material transfers to the consignee (customer) upon receipt of the shipment by the transportation company.
