## Yard Marker Color Option Vinyl Backed Matting

A colorful alternative when something other than tan is desired.

Color Option Vinyl Backed Cocoa Matting is often the designer's "Go To" entrance matting product when the client seeks a Natural "Look" but still wants the entrance matting to complement the colors of the lobby decor. Made from the almost indestructible outer husk of the coconut, cocoa fibers are tufted into a sturdy yet flexible vinyl base which allows for ease of maintenance, simple installation and conformability to contours and shapes without the concern for binding edges or the unraveling of material.
